

Health Equity: A Cornerstone of Recovery

Wednesday, September 28, 2022

9 a.m. - 12:30 p.m.

Online via Zoom

Featuring a keynote by
Dr. David Satcher

16th Surgeon General and
Founder of the Satcher Health Leadership Institute

Please join us for conversation and reflection on the importance of health equity in the behavioral health recovery process and the necessity of access to affordable, culturally competent healthcare options for all. The Forum features a keynote by Dr. David Satcher and panel discussion by individuals sharing their lived and professional experiences of navigating behavioral health inequities and exploring how to make behavioral health care more inclusive for all.
